Closure of Zschokke House for the summer season 2023

Dear guests of the Zschokke House,

due to low occupancy and increased operating costs, the house cannot be operated nearly cost-effectively in the summer season.

The Board of Trustees has therefore decided to close the building during the 2023 summer season (1 May to 31 October).

We very much regret this necessary step and are aware that we will also have to disappoint long-standing loyal customers. A partial opening, as last summer, can unfortunately no longer be offered in this tense situation.

The Board of Trustees is currently carrying out a detailed assessment of the situation in order to take appropriate measures to ensure the opening of the hostel for the 2023/24 winter season and to be able to welcome our guests again in summer and winter in the future.

We thank you for your interest and hope to welcome you soon again in the cozy Zschokke-Haus.

A handwritten signature in blue ink, appearing to read 'Marco Obrist'.
